Our Story

We moved to Texas from Japan at the end of 2023.

In Japan, we grew up surrounded by carefully crafted sweets, made with respect for ingredients. While the U.S. has many wonderful desserts, we noticed that financiers—a beloved cake in Japan—are still not widely known here.

With the growing matcha trend, we wanted to share authentic Japanese matcha flavors in a way that feels warm, familiar, and easy to enjoy.

In 2025, our daughter Lina was born. To celebrate this meaningful year, we started Lina's Bakery—a small, family-run bakery rooted in the local community.

Our financiers pair perfectly with coffee or tea and are made to be enjoyed by matcha lovers and first-timers alike.
